FALL IN SKIRMISHES

MANY JAPS KILLED IN CLASHES
WITH RUSSIANS BETWEEN
PINGYANG AND WIJU.

BIG LAND BATTLE REMOTE

NEITHER SIDE EXPECTS OPEN
ATIONS OF ANY MAGNITUDE
FOR SEVERAL WEEKS.

London, April 1.—The correspond-
ent of the Daily Telegraph at Seoul
reports that there is continuous
skirmishing between Pingyang and
Wiju, and that many Japanese have
been killed.

The correspondent adds that a Ko-
rean spy at Pingyang has been shot by
the Japanese.

On Tuesday evening four squadrons
of the First Tokyo cavalry occupied
Sunchun. There was no trace of Rus-
sian forces near the town, but inhabi-
tants reported the Cossacks had kept
along the valley some distance west
of the old Peking road and toward Wi-
ju. It will be impossible for the Rus-
sians to cross the river at that point,
as four Japanese cruisers are now com-
manding the stream there. The be-
lief is that the Cossacks went east to-
ward Masandong, and will run the risk
of crossing to the northwest, not far
from the Japanese cavalry base at Ku-
sung.

The Japanese are advancing with
great care and no movements of mag-
nitude are expected for some weeks.
The Russians are said to have
seized a Chinese arsenal at Kiren, and
are turning out great quantities of
ammunition.

GREAT LAND BATTLE REMOTE.

Russians Do Not Expect One Before
September.

Paris, April 1.—A St. Petersburg
correspondent of the Echo de Paris
says that the wife of one of General
Kuropatkin's orderly officers has re-
ceived a telegram from her husband,
saying that the general staff does not
believe that there will be any great
battle before September.

Russian troops in Manchuria, includ-
ing Port Arthur and Vladivostok, now
number 245,000 and the total may be
300,000 by the end of April and 500,-
000 by September, when, if the Japa-
nese have not crossed the Yalu, Gen-
eral Kuropatkin will advance to drive
them out of Korea.

The only fear in high quarters, ac-
cording to the writer, is the inability
of China to restrain the mass of her
troops or to prevent troops landing in
a Chinese port in event of Japanese
successes, however ephemeral.

General Kuropatkin has telegraphed
to General Mishchenko to avoid any
engagements until the success of the
Russian side would be uncertain.

FIGHTING LASTED TWO HOURS.

Japanese Then Compelled the Russians
to Retreat.

Seoul, April 1.—Details received
here of the engagement of March 26
between Russians and Japanese at
Chengju, Korea, say the fighting lasted
two hours, at the end of which the
Japanese forced the Russians to re-
tire toward Wiju. Two Russian dead
were left on the field, while other
bodies were carried off with the re-
treat. A Japanese lieutenant named
Kano and four privates were killed,
while Captain Kurkova and fourteen
privates were wounded.

GREAT SERVICE TO RUSSIANS.

Failure of Japs to Invade Any Vital
Point.

Newchwang, April 1.—The Russian
military commanders are acting on the
belief that the Japanese invasion in
force will be northeast of Port Arthur,
in the bay of Korea. Artillery and
infantry went through this city Thurs-
day to Kulping and from that station
will march southeast to protect the
coast line west of Takuchan. Failure
by the Japanese to invade any vital
point up to this time has been of
great service to the Russian com-
manders.

JAPS NOT DISHEARTENED.

Will Not Rest Until Port Arthur Chan-
nel Is Closed.

London, April 1.—A correspondent
of the Times at sea in a wireless tele-
gram via Weihaiwei describes the lat-
est attempt of the Japanese to bottle
up Port Arthur and says the enter-
prise failed to block the channel be-
cause there were only four transports.
It is probable, however, that the chan-
nel has been rendered impracticable
for large battleships and it is certain
that the Japanese will not rest until
the channel has been closed.

POURING INTO MANCHURIA.

Four Thousand Russians Pass Through
Harbin Daily.

Paris, April 1.—The Matin's cor-
respondent at Harbin says the troops
are arriving continuously, each day
seemingly 4,000 descend toward Harbin
and further south in Manchuria by
road and rail. The correspondent says
that more sotnias of Cossacks are ex-
pected.

When a man falls back on oaths he
declares himself out of arguments.

ILLINOIS MINERS GIVE IN.

Accede to Demands of the Coal Opera-
tors.

Springfield, Ill., April 1.—When mat-
ters looked darkest for a settlement
of the difference between the coal
operators and miners of Illinois, and a
strike seemed imminent, the miners
gave way and acceded to the ultima-
tum of the operators.

When the joint session convened
Thursday afternoon the miners stated
that they would waive all concessions
made them regarding free oil to day
men and free powder, if the operators
would rescind their demand for a re-
duction of three cents from last year's
scale in the First district. This the
operators refused, and after consider-
able discussion, in which National
President John Mitchell defended the
miners' position, adjournment was
taken until evening.

On reconvening at night the miners
stated they were willing to withdraw
their demand for last year's scale in
the Northern district, and the joint
scale committee will meet again today
to reconsider minor matters. Thus al-
l danger of a strike has been averted
by reason of conservative action by
the miners' organization.

MORGAN'S TRIP TO EUROPE.

Held to Indicate Satisfactory Arrange-
ment of Merger Interests.

New York, April 1.—In view of the
fact that J. Pierpont Morgan has ar-
ranged to leave for Europe next week,
Wall street is inclined to expect an
early announcement that some sort of
a satisfactory arrangement has been
reached between the Union Pacific in-
terests and the Hill-Morgan interests
regarding the distribution of the as-
sets of the Northern Securities com-
pany. Several men prominent in
Northern Securities matters were call-
ers at the office of J. P. Morgan & Co.
Thursday. Representatives of that
firm and of the Union Pacific interests
said, however, that there was nothing
new in the situation.

TO SETTLE IOWA STRIKE.

Operators and Miners Propose a Board
of Arbitration.

Des Moines, April 1.—Propositions
for a settlement of the strike in the
Iowa mines were submitted last night
by both the operators and the miners.
Both proposed a board of three arbi-
trators, one to be a miner, the other an
operator and the third a disinterested
party selected by the two. The two
proposals will be formally presented
today with the indications pointing to
a continuation of the deadlock.

DULUTH BOARD OF TRADE CLAIMS

STATEMENT ATTRIBUTED TO
M'CUMBER IS FALSE.

Duluth, April 1.—At a meeting of the
directors of the Duluth Board of Trade
Thursday it was decided to send the
following telegram to Senators Nel-
son and Clapp and Representative
Bode at Washington:

"The statement attributed to Sena-
tor McCumber in the senate Thursday,
that farmers had been robbed of \$20,-
000,000 at Duluth-Superior in the past
ten years, on account of weighing, in-
spection and handling of grain, and
that the official records of the eleva-
tors show shipments to exceed receipts
by some 25,000,000 bushels, we most
emphatically deny as being absolute-
ly untrue and misleading. We are
forwarding you official statements to
prove error. Please make the denial
as full and public as the charge."

THREE PERSONS DROWNED.

Perish in Sinking of a Skiff in the
Snake River.

Boise, Ida., April 1.—Three persons
plunged 210 feet to their death over
the Shoshone falls of the Snake river
at night. They were Miss Marie
Willis, Samuel Graham and a man
whose name is unknown. Miss Willis
sometimes runs the ferryboat at this
point.

Miss Willis took the boat across in
response to a call. On the return she
found the guide rope was not working
properly and put back. Graham and
the other man, seeing from the other
side that there was trouble, took their
skiff and crossed to the ferryboat.
They took Miss Willis off and started
back to the south bank. As the boat
nearly the bank it filled and went
down, all three being lost.

NEW TRIAL DENIED.

Duluth Man Fined for Conspiracy to
Defraud.

Duluth, April 1.—Svend Olson, who
was recently convicted on the charge
of conspiring to defraud the govern-
ment out of public lands, was Thurs-
day denied a new trial by United
States Judge Lochren and fined \$500.
Olson was indicted several months
ago, together with several prominent
local attorneys and logging operators,
in connection with irregularities as to
stone and timber entries in Northern
Minnesota.

Servian Officers Retired.

Belfrade, Servia, April 1.—A royal
decree issued Thursday retires twelve
of the higher army officers. This
scheme is believed to be intended to
pacify those powers which practically
broke off diplomatic relations with
Servia when the assassins of King
Alexander and Queen Draga were re-
tained in power.

FIVE HUNDRED SLAIN

TIBETANS ARE SLAUGHTERED BY
BRITISH WHILE RESISTING
DISARMAMENT.

BRITISH LOSS INSIGNIFICANT

ONLY ABOUT A DOZEN OF THE IN-
VADING ARMY KILLED BY
THE TIBETANS.

Tuna, British India, April 1.—News
has been received of severe fighting,
the Tibetans having attacked the Brit-
ish mission under Colonel Younghus-
band. There were two engagements
and the Tibetans were repulsed with
heavy loss. The British captured the
Tibetan camp at Guru.

While the British advance has prac-
tically been unopposed, the expedi-
tion suffered great hardship from the
intense cold, and it was often found
impossible to use the Maxim guns and
rifles, owing to the congealing of the
oil.

At 8 o'clock Thursday morning a
flying column started to reconnoitre
the Tibetan camp at Guru, whereupon
a general from Lhasa with a quaint
retinue came to interview Colonel
Younghusband. The general asked
the colonel to retire with his mission
to Yatung for the purpose of carrying
on negotiations, threatening an attack
if the mission proceeded. Colonel
Younghusband replied that negotia-
tions had been proceeding fruitlessly
for fifteen years and that retirement
was now impossible.

The Tibetan general withdrew, and
Colonel Younghusband ordered his
troops to endeavor to disperse the
Tibetans blocking the road without
firing upon them.

For a time the tactics of the British
were successful, but soon the attitude
of the Tibetan leaders convinced Col-
onel MacDonald of the necessity of dis-
arming them. The Tibetans number-
ed about 1,500 and their resistance of
the effort to disarm them.

Led to a Smart Engagement.

The situation for a few moments was
critical. Revolvers and bayonets were
used and then a rifle fire was re-
sorted to, at which the Tibetans fled,
after wounding several of the British.

The correspondent of the Daily Mail
was severely wounded.

The Tibetans lost heavily, owing to
the inferiority of their weapons, but
they displayed great courage, many
coming on after they had been serious-
ly wounded. After the action a long
trail of dead and wounded extended
to the rear.

After a short halt the advance con-
tinued. Nearing the Tibetan camp at
Guru, a second action took place in
which the artillery played the largest
part.

Finally the Tibetans retreated over
the hills with the exception of about
sixty, who obstinately held the vil-
lage, which was finally taken by a
mounted bayonet charge.

Among the Tibetans killed were the
Lhasa general, the military com-
mander of Phara and Lata and the
representative of the golden monas-
tery, to whose influence and violent
hostility the existing difficulties were
largely due.

The Tibetan losses are believed to
be over 500, while the British casual-
ties are about a dozen.

The British force returned to Tuna
and stated that rifles bearing the Rus-
sian imperial stamp and Russian am-
munition were found on the wounded
Tibetan officers.

MANY PEOPLE HOMELESS.

Floods in Missouri Are of Serious Pro-
portions.

St. Louis, April 1.—By the breaking
of the Fountain creek levee, near Mer-
rimac, Ill., sixty-five acres of land are
under water, entailing a loss of \$22,-
500. Flood conditions in Southeast
Missouri are of serious proportions.

At Moorehouse many dwellings are
standing in the water and the occu-
pants have been forced out. Business
is suspended at Gray's Ridge.

Black river is still rising and at
Piedmont many additional persons
have been driven from their homes to
higher ground.

While attempting to ford the St.
Francis river near Piedmont, Lucien
Graham was drowned.
Reports have been received from
points southwest of St. Louis indicat-
ing that the streams of Oregon,
Ozard and Powell counties are higher
than for fifteen years and that much
property is destroyed. No fatalities
have been reported.

Want Allen to Leave Pingyang.

London, April 1.—The Seoul cor-
respondent of the Daily Mail says that
the military authorities have request-
ed Brigadier General Henry T. Allen,
United States military observer with
the Japanese army, to return to Seoul
from Pingyang until they are able to
provide him with fitting accommoda-
tions.

Court Going to Tsarskoye Selo.

Paris, April 1.—A correspondent of
the Echo de Paris at St. Petersburg
cables: "I am authorized to say that
the court will go to Tsarskoye Selo on
Saturday, remaining there until the
summer, when it will remove to the
palace at Peterhof."

HOUSE FORCED TO ADJOURN.

Vote on Sundry Civil Bill Fails to
Bring Out a Quorum.

Washington, April 1.—Consideration
of the sundry civil appropriation bill
was concluded in the house Thursday
and the bill was about to be passed
when Mr. Sulzer forced a roll call on
a motion to commit the bill with in-
structions to strike out the paragraph
appropriating \$135,000 for rental of the
New York custom house. The vote
showed a quorum was not present and
adjournment was taken until today.

The right of boards of directors of
state homes for disabled volunteer sol-
diers to retain certain portions of pen-
sion money received by the inmates
was discussed at length. Mr. Bell of
California assailed his own state for
permitting a canteen to be established
in the California state home and
charged that the old soldiers were al-
lowed to draw their pension money
from the home in most instances only
through canteen checks. After ex-
tended debate an amendment by Mr.
Bell to correct the evils complained of
was adopted.

A violent attack on the cabinet

geodetic survey was made by Mr. Rob-
inson of Indiana, who charged that
scandal attached to that office in con-
nection with allowances for commu-
tation of subsistence Mr. Hemenway,
in charge of the bill, indignantly de-
nied the charges made.

The house committee on rivers and
harbors has completed its draft of an
appropriation bill carrying approxi-
mately \$3,000,000 to continue existing
contracts for river and harbor work.

FALL IN SKIRMISHES

MANY JAPS KILLED IN CLASHES

BIG LAND BATTLE REMOTE

NEITHER SIDE EXPECTS OPERATIONS OF ANY MAGNITUDE FOR SEVERAL WEEKS.

London, April 1.—The correspondent of the Daily Telegraph at Seoul reports that there is continuous skirmishing between Pingyang and Wiju, and that many Japanese have been killed.

The correspondent adds that a Korean spy at Pingyang has been shot by the Japanese.

On Tuesday evening four squadrons of the First Tokio cavalry occupied Sunchun. There was no trace of Russian forces near the town, but inhabitants reported the Cossacks had kept along the valley some distance west of the old Peking road and toward Wiju. It will be impossible for the Russians to cross the river at that point, as four Japanese cruisers are now commanding the stream there. The belief is that the Cossacks went east toward Masandong, and will run the risk of crossing to the northwest, not far from the Japanese cavalry base at Kung.

The Japanese are advancing with great care and no movements of magnitude are expected for some weeks. The Russians are said to have seized a Chinese arsenal at Kiren, and are turning out great quantities of ammunition.

General Kuropatkin has telegraphed to General Mishchenko to avoid any engagements in the south of the Russian side would be uncertain.

FIGHTING LASTED TWO HOURS.

Seoul, April 1.—Details received here of the engagement of March 26 between Russians and Japanese at Chongju, Korea, say the fighting lasted two hours, at the end of which the Japanese forced the Russians to retreat toward Wiju. Two Russian dead were left on the field, while other bodies were carried off with the retreat. A Japanese lieutenant named Kano and four privates were killed, while Captain Kurkova and fourteen privates were wounded.

GREAT SERVICE TO RUSSIANS.

Failure of Japs to Invade Any Vital Point.

Newchwang, April 1.—The Russian military commanders are acting on the belief that the Japanese invasion in force will be northeast of Port Arthur, in the bay of Korea. Artillery and infantry went through this city Thursday to Kaiping and from that station will march southeast to protect the coast line west of Takuchan. Failure by the Japanese to invade any vital point up to this time has been of great service to the Russian commanders.

JAPS NOT DISHEARTENED.

Will Not Rest Until Port Arthur Channel Is Closed.

London, April 1.—A correspondent of the Times at sea in a wireless telegram via Weihaiwei describes the latest attempt of the Japanese to bottle up Port Arthur and says the enterprise failed to block the channel because there were only four transports. It is probable, however, that the channel has been rendered impracticable for large battleships and it is certain that the Japanese will not rest until the channel has been closed.

Representatives of that firm and of the Union Pacific interests said, however, that there was nothing new in the situation.

TO SETTLE IOWA STRIKE.

Operators and Miners Propose a Board of Arbitration.

Des Moines, April 1.—Proposals for a settlement of the strike in the Iowa mines were submitted last night by both the operators and the miners. Both proposed a board of three arbitrators, one to be a miner, the other an operator and the third a disinterested party selected by the two. The two proposals will be formally presented today with the indications pointing to a continuation of the deadlock.

The Tibetans lost heavily, owing to the inferiority of their weapons, but they displayed great courage, many coming on after they had been seriously wounded. After the action a long trail of dead and wounded extended to the rear.

After a short halt the advance continued. Nearing the Tibetan camp at Guru, a second action took place in which the artillery played the largest part.

Finally the Tibetans retreated over the hills with the exception of about sixty, who obstinately held the village, which was finally taken by a mounted bayonet charge.

Among the Tibetans killed were the Lhasa general, the military commander of Phara and Lata and the representative of the golden monastery, to whose influence and violent hostility the existing difficulties were largely due.

The Tibetan losses are believed to be over 500, while the British casualties are about a dozen.

The British force returned to Tuna and stated that rifles bearing the Russian Imperial stamp and Russian ammunition were found on the wounded Tibetan officers.

The right of boards of directors of state homes for disabled volunteer soldiers to retain certain portions of pension money received by the inmates was discussed at length. After extended debate an amendment by Mr. Bell to correct the evils complained of was adopted.

SENATOR BURTON, of Kansas, the convicted bribe taker, is said to owe his election as senator to the railroad interests in the state, which are always corrupt when they enter politics.

CONGRESSMAN WILLIAMS SAYS President Roosevelt is an unsafe man. That is true in some respects. To the hoodler, the monopolist, the self seeking office seeker and all others who would live in luxury at the expense of the public generally, he is an unsafe man. These interests want none of Roosevelt, and that is the reason the great mass of the people do want him as the nation's chief executive.

"THE DISPATCH has waited long for an opportunity to throw the harpoon into Sheriff Erickson" says the Arena. Our esteemed contemporary is mistaken. There have been several opportunities to "throw the harpoon" into Mr. Erickson if THE DISPATCH did that kind of business, which it doesn't. Only last year just before election, Mr. Erickson had a similar escapade, when THE DISPATCH could have "thrown the harpoon," and there was a seance Mr. Erickson had with the commissioner which afforded another opportunity. But THE DISPATCH refrained from mentioning these things until they have become so open and notorious that they are a public disgrace, and to suppress the facts is

only to injure the interests of the community. THE DISPATCH regrets that it has been called on to publish these things concerning Mr. Erickson, as it prefers to publish pleasant things to unpleasant things about any citizen, but it is sometimes necessary to do so for the good of the community and to fulfill the functions of a newspaper. Indeed, THE DISPATCH is surprised, knowing the Arena editor's contempt for a delinquent official, that he has not expressed his disapproval of Mr. Erickson's actions in no uncertain terms.

Thirteen-Year-Old Son of William Isner Accidentally Shot Himself Yesterday.

Rev John Moede, of Pequot. Reported Accident to Coroner Osterlund This Afternoon.

A distressing accident occurred yesterday afternoon a short distance east of Pequot in this county which resulted in the instant death of thirteen-year old Eddie Isner, son of Mr. and Mrs. William Isner.

It seems that the parents of the lad had gone to Pequot to attend church. The boy went to his cousins during the afternoon and while there got hold of a shot gun in some manner and started to play with it. The gun was loaded but he did not know it. It accidentally went off and the boy got the full charge of one barrel in his head, blowing his brains out.

The report came to Pequot and Mayor Fitzgerald and Rev. John Moede went to the scene. Rev. Mr. Moede came down from Pequot today and reported the accident to Coroner Osterlund, but the coroner believes that it was purely accidental and therefore decided that an investigation was not necessary.

Postmaster J. L. Berg, of Fort Ripley, came in from the south this afternoon.

FOR PURPOSE OF DISCUSSION.

Bill for Repeal of Desert Land Law Taken Up in Senate.

Washington, April 1.—The attention of the senate was divided Thursday between the bill for the repeal of the desert land, the timber and stone and the homestead commutation laws and the postoffice appropriation bill.

The repeal bill was taken up only for the purpose of discussion and Mr. Clark (Wyo.) was the principal speaker. He contested the position taken by Mr. Gibson that there have been great frauds in the administration of the land laws in the West. He declared that there is a lobby in Washington in the interest of the repeal bill and engaged in a short colloquy with Mr. Patterson, during which each characterized the statements of the other as untrue.

The general debate on the postoffice bill was confined largely to a speech by Mr. McCreary and interruptions by Republican senators. Mr. McCreary charged in the main that the policy of an early adjournment of congress was adopted to avoid legislation not desired by Republican leaders.

The conferees on the agricultural appropriation bill reached an agreement Thursday. The bill now carries a total appropriation of \$5,902,040.

HEINZE PAYS HIS FINE.

Puts Up for Violating Order of Federal Court.

Butte, Mont., April 1.—F. Augustus Heinze, president of the Montana Ore Purchasing company, A. T. Frank, superintendent of the Johnstown, and J. H. Treeries, superintendent of the Rarus mine, paid their fines Thursday for violation of the order of the federal court, enjoining Heinze and the Amalgamated interests from mining the Michael Davitt lode claim.

After much discussion and a strong resistance on the part of the Montana Ore Purchasing company attorneys, Judge Beatty Thursday signed the order asked for by the attorneys of the Butte and Boston company, granting the Butte and Boston a perpetual inspection of the workings of the Rarus and Johnstown claims.

Judge Beatty signed an order for the discharge of F. A. Heinze, J. H. Treeries and Alfred Frank from the contempt proceedings instituted by the Butte and Boston company.

BOTKIN CASE CONTINUES.

Jury Is Not Discharged and the Trial Proceeds.

San Francisco, April 1.—There was another surprise in the Botkin murder trial Thursday. Owing to the charges made Wednesday of attempts to tamper with jurors, it was understood that the first proceeding Thursday would be the discharge of the jury. This, however, did not occur and the trial proceeded as usual.

Attorney Knight stated to the court that contrary to the advice of her counsel, Mrs. Botkin insisted on the trial continuing, saying she was satisfied the jury would render a just verdict. On being asked by the judge if this was her decision, Mrs. Botkin said that it was.

LABOR MEN DON'T
ASK FOR CHARITY

Result of Investigation Conducted
Under the Instructions from
State Labor Commissioner.

FIGURES WERE SECURED HERE

By J. P. Gardner, Who Was Well Ac-
quainted With Local Condi-
tions Having Lived Here.

Sometime ago THE DISPATCH referred
to the fact that J. P. Gardner, formerly
a resident of Brainerd, was in the city
gathering statistics for information in
the office of Labor Commissioner O'Don-
nell, of the state of Minnesota.

These figures were secured to see
what there was to the report that many
members of labor unions throughout
the state have made applications for aid
from charitable institutions. The re-
sult of the investigations shows only a
few cases and these have been investi-
gated.

In Minneapolis 971 applications were
made from June 1, 1903, to Feb. 1, 1904.
There were 19 cases where the applicant
claimed to be a member of a union, or
the wife of a member. On investigation
the two claiming to belong to the paint-
ers and decorators' union were found
not to be members. One claimed to be
a member of the typographical union,
but was not on the books of any local
organization. One was a member of the
stone mason's union, but had never inti-
mated to the organization that he
needed help.

The applicant who was a member of
the musicians' union had been helped
by the organization, but on account of
his habits the aid had been cut off. A
member of the iron moulders' union had
received \$28 in aid from the union. One
applicant who claimed to belong to the
sheet metal workers' organization was
found to have no claim on the local
union, and the one claiming to belong
to the team drivers' union had never
been with it. Eleven applicants said
they belonged to the Flour and Cereal
Mill Employes' union, but five of them
had never worked in the flour mills of
Minneapolis. One had been employed
and went out with the strikers, who
gave him a funeral benefit when his wife
died, although he was not in the union.
The other five were members of the
union and had received what aid the
union was able to furnish.

Of the 943 persons applying to the As-

sociated Charities of St. Paul, only three
claimed to be members of unions. One
of them had never made his need known
to the union. In Duluth, out of 503 ap-
plications, three stated that they were
members of unions, but one was found
to misrepresent himself. A similar con-
dition was found in Winona, Stillwater,
Mankato and Brainerd.

HELD ON CHARGE
OF MANSLAUGHTER

Assailant of Richard Sanger Has
a Hearing at Walker and is
Held on This Charge.

REMAINS ARE BROUGHT HERE
And They Will Be Taken to Old
Home of Deceased at Anoka
For Burial.

The remains of Richard Sanger, who
died at Walker Wednesday night from
the effects of wounds received in a fra-
cas in one of the Cross Lake Logging
company's camps, were brought to this
city today and taken to the undertaking
rooms of Losey & Dean until arrange-
ments for the funeral can be made.

The reason that the body was not
shipped down yesterday, as the relatives
of the deceased have since learned, was
because a post mortem was being held
and it was not finished until after the
train had left yesterday morning.

Nick Hill, the Finlander who assault-
ed Sanger, had his hearing and it is un-
derstood that he has been held on the
charge of manslaughter.

There are various reports now coming
in from the camp regarding the row of
last Sunday which proved fatal for
Richard Sanger, of this city. It being
Sunday nearly all the men were in camp
and most of them were drinking some,
but it is understood that Sanger did not
drink at all. In trying to stop a fight
he is said to have received the blow in
his back which proved fatal.

It is thought the remains will be tak-
en to Anoka, the old home of the de-
ceased for burial.

Ostermoor mattress. Price \$15.

Duluth, April 1.—Charles F. Leland,
president of the defunct Commercial
Banking company, who has been thrice
tried on an indictment charging him
with receiving deposits at his bank,

pense of the three trials has been very
great and as there was a disagreement
in each case, it would be idle to bring
the action a fourth time.

COMMITTEE.

See Nettleton for homes and loans. 1f

We often see a friend, relative or ac-
quaintance apparently well, but in a
few days we may be grieved to learn of
their severe illness or sudden death,
caused by that fatal disease—appendi-
citis. People seem to know so little
about this disease and therefore are not
prepared. We have read with great in-
terest a book on appendicitis written
by Dr. Conrad Adler of Berlin. This
book tells all about appendicitis, how it
is caused and how it can be prevented
and cured. If you like a free copy of
this book call at Johnson's Pharmacy.

FLOODS IN MONTANA.

High Water Drives People From Their Homes at Miles City.

Butte, Mont., April 1.—Reports from Eastern Montana for the past few days say that owing to melting snow and rain, rivers and creeks are overflowing. At Glendive, the Yellowstone river is gorged. The ice in the Tongue river has been piled high, causing the water to flood Miles City. Much damage was done to property, people being forced to leave their homes in boats.

RIGHT HERE IN BRAINERD

H. P. Dunn & Co. Guarantee to Refund Money if Hyomei Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by H. P. Dunn & Co., one of the most reliable drug firms in this section. They advertise that if Hyomei does not cure the worst case of catarrh, they will return the money without any question or argument. No business house in Brainerd has a better reputation for square dealing than H. P. Dunn & Co., and when they guarantee that they will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much the nearer. It kills all the germs of catarrh troubles in the air passages of the head, throat and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on H. P. Dunn & Co.'s offer of "No cure, no pay."

Hunter's Hot Springs.

It is not necessary for residents of the northwest to go to the south and east for hot water pleasure and curative baths.

Near Springdale, Mont., on the Northern Pacific, are Hunter's Hot Springs, temperature 148 degrees to 168 degrees Fahr., flowing 2000 gallons per minute, 4000 feet above the sea in the foothills of the Crazy mountains, overlooking the Yellowstone river and valley. Good hotels, cottages, bath houses, swimming pool. Rates \$2.50 per day, \$15.00 per week, including baths.

Baths are good for all rheumatic, skin, liver and kidney and stomach diseases. Appointments comfortable and satisfactory. Railway rates low. The region is a natural sanatorium.

For information write J. E. McCormick, Hunter's Hot Springs, Mont., or Chas. S. Fee, C. P. & T. A., Northern Pacific Ry., St. Paul, Minn.

SIMPLE WAY TO GAIN WEIGHT

"Mi-o-na, the Flesh Forming Food, Gives Remarkable Results, Say Druggists H. P. Dunn & Co.

Mi-o-na makes thin people fat. It gives perfect digestion and cures all stomach troubles.

The scrawny, emaciated person always has more or less trouble from indigestion. Mi-o-na will overcome all the ills afflicting the poor, weak, thin dyspeptics. It makes them plump and gives health and strength. It strengthens the digestive organs and restores health so that the daily food is readily assimilated and makes solid bone and firm muscle, rich blood and healthy flesh.

In Brainerd there are many people who have proven in their own case the remarkable flesh forming qualities of Mi-o-na. It can be used by the most delicate. It contains no alcohol and is not a cod liver oil preparation. It comes in small tablets costing 50c a box, and if you take one tablet before eating, you can enjoy a hearty meal and feel that health and good flesh will quickly and surely return.

H. P. Dunn & Co give a written guarantee with every box of Mi-o-na they sell to refund the money if it does not do all that is claimed for it. You certainly can afford to commence using Mi-o-na with the understanding that it costs nothing unless you are cured.

FOR THE CANAL ZONE

NEW BILL INTRODUCED IN THE SENATE FOR ITS CONTROL AND GOVERNMENT.

COLOMBIA LOSES HER CASE

FRENCH COURT REMOVES LEGAL OBSTACLES IN WAY OF CON- CESSIO TRANSFER.

Washington, April 1.—A new bill for the government and control of the Panama canal zone was introduced in the senate Thursday by Senator Kittredge from the committee on interoceanic canals. The measure is the result of consideration given by the committee to the various measures which have been proposed for the government of the canal, and it will be reported back to the senate and its enactment urged at the first favorable opportunity. The bill in general follows closely the original Kittredge bill, though many changes have been made in the form of government and in relation to sanitation of the zone. Legislative powers are vested in the canal commission, which is given authority to raise and appropriate revenues. The taxes and customs collected are to be retained by the commission for the payment so far as they are adequate of the proper expenses of the commission and the government of the zone. Four of the commission are made an executive quorum. The powers are practically the same as in the first Kittredge bill.

The extension of the laws of the United States to the canal zone is prohibited except as provided in the canal bill or by legislative act of the canal commission.

Laws of Panama Continue in Force.

The laws of Panama, which were in force on Feb. 26, 1904, so far as they are not inconsistent with the provisions of the bill, will continue in force.

All goods coming from the zone, which are not the product of the zone, will be dutiable in the United States.

All franchises or concessions granted by the commission must be approved by the president. The commission is authorized to apply to the canal zone, the immigration laws of the United States insofar as they prohibit the admission of undesirable characters excluded under the immigration law and the commission may exclude other undesirable persons.

All laws enacted by the commission shall be reported to congress. The president may suspend such laws as he may deem unwise.

The organization of a police force is provided for and the commission is authorized to call on the United States for military or naval forces to maintain order.

Provision is made for the establishment of one judicial district, with one judge. Appeals from this court must be taken to the second judicial circuit of the United States.

The extradition treaties between the United States and other countries are extended to the canal zone.

CLEAR TITLE TO PROPERTY.

Colombia Loses Suit Against Panama Canal Company in French Court.

Paris, April 1.—The first civil tribunal of the Seine during the day decided the case of the republic of Colombia against the Panama Canal company in favor of the defendants. The decision holds that the complaint of Colombia is not receivable and condemns the plaintiffs to pay the costs of the action. This decision has the effect of removing the legal obstacles in the way of the transfer of the canal concession from the company to the United States.

VERDICT AGAINST BRYAN.

Nebraskan Loses on Appeal in Bennett Will Case.

New Haven, Conn., April 1.—A finding that the sealed letter by which Philo S. Bennett expressed a wish that \$50,000 should be given to William Jennings Bryan and his family was not a part of the last will of Mr. Bennett was returned by the jury in the superior court in the trial of Mr. Bryan's appeal from the decision of the probate court. The finding, which upholds the decision of the probate court, was given in accordance with instructions to the jury from Judge Gager, who presided at the superior court trial. Judge Gager's ruling on a question which has never before come directly before the courts of Connecticut, decided that the sealed letter could not be admitted as evidence in the trial.

As Mr. Bryan's appeal was based on the exclusion of this letter as a part of the will in the probate court, the decision of Judge Gager that it could not be admitted as evidence practically concluded the proceedings in the superior court, and the jury was accordingly directed to bring in a verdict against Mr. Bryan. An appeal will be taken to the supreme court by Mr. Bryan's counsel.

MAY BECOME SETTLERS.

Squatters on Cass Lake Lands May Obtain Title.

Washington, April 1.—Squatters on land in the vicinity of Cass Lake will, according to a ruling announced at the interior department, probably be permitted to become settlers by complying with the homestead act and taking the necessary steps to perfect homestead rights.

Fails to Reach Contract Speed.

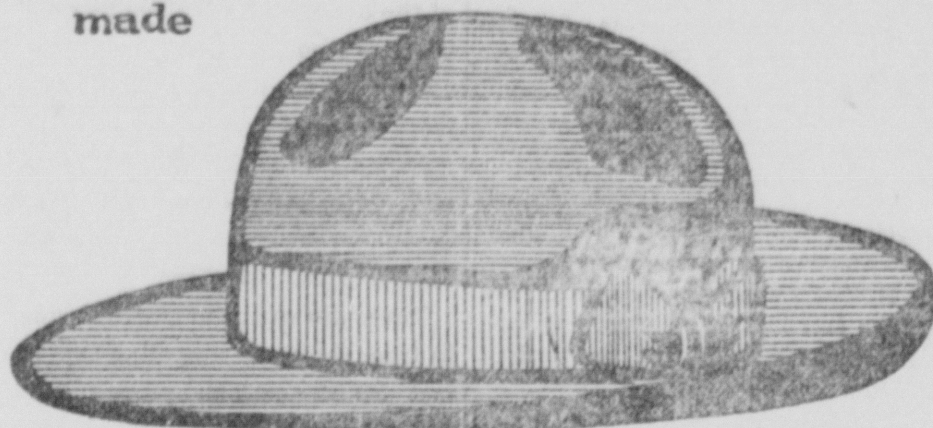

Boston, April 1.—The protected cruiser Denver was given a second government speed trial test over the Cape Ann course Thursday and again failed to reach her contract requirements of 17 knots an hour, her average speed being 16.70 knots. Tide corrections, however, may bring her speed up to requirements.

Yet He Wondered.

"You rash boy," she said, looking sweetly up at him as she tenderly drew his silk scarf about his throat; "you mustn't go out in the night air without being more careful. You are so careless. You ought to have somebody to watch over you and keep you from catching your death." And still he wondered as he went home whether he would lose her friendship forever if he were to dare to ask her to be his when he returned on the following evening.—Chicago Record-Herald.

High Water Drives People From Their Homes at Miles City.
Butte, Mont., April 1.—Reports from Eastern Montana for the past few days say that owing to melting snow and rain, rivers and creeks are overflowing. At Glendive the Yellowstone river is gorged. The ice in the Tongue river has been piled high, causing the water to flood Miles City. Much damage was done to property, people being forced to leave their homes in boats.

RIGHT HERE IN BRAINERD
H. P. Dunn & Co. Guarantee to Refund Money if Hyomei Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by H. P. Dunn & Co., one of the most reliable drug firms in this section. They advertise that if Hyomei does not cure the worst case of catarrh, they will return the money without any question or argument. No business house in Brainerd has a better reputation for square dealing than H. P. Dunn & Co., and when they guarantee that they will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on H. P. Dunn & Co.'s offer of "No cure, no pay."

Baths are good for all rheumatic, skin, liver and kidney and stomach diseases. Appointments comfortable and satisfactory. Railway rates low. The region is a natural sanatorium.

SIMPLE WAY TO GAIN WEIGHT

"Mi-o-na, the Flesh Forming Food, Gives Remarkable Results, Say Druggists H. P. Dunn & Co.

Mi-o-na makes thin people fat. It gives perfect digestion and cures all stomach troubles.

The scrawny, emaciated person always has more or less trouble from indigestion. Mi-o-na will overcome all the ills afflicting the poor, weak, thin dyspeptics. It makes them plump and gives health and strength. It strengthens the digestive organs and restores health so that the daily food is readily assimilated and makes solid bone and firm muscle, rich blood and healthy flesh.

In Brainerd there are many people who have proven in their own case the remarkable flesh forming qualities of Mi-o-na. It can be used by the most delicate. It contains no alcohol and is not a cod liver oil preparation. It comes in small tablets costing 50c a box, and if you take one tablet before eating, you can enjoy a hearty meal and feel that health and good flesh will quickly and surely return.

H. P. Dunn & Co give a written guarantee with every box of Mi-o-na they sell to refund the money if it does not do all that is claimed for it. You certainly can afford to commence using Mi-o-na with the understanding that it costs nothing unless you are cured.

FOR THE CANAL ZONE

NEW BILL INTRODUCED IN THE SENATE FOR ITS CONTROL AND GOVERNMENT.

COLOMBIA LOSES HER CASE

FRENCH COURT REMOVES LEGAL OBSTACLES IN WAY OF CON- CESSIOIN TRANSFER.

Washington, April 1.—A new bill for the government and control of the Panama canal zone was introduced in the senate Thursday by Senator Kittredge from the committee on interoceanic canals. The measure is the result of consideration given by the committee to the various measures which have been proposed for the government of the canal, and it will be reported back to the senate and its enactment urged at the first favorable opportunity. The bill in general follows closely the original Kittredge bill, though many changes have been made in the form of government and in relation to sanitation of the zone. Legislative powers are vested in the canal commission, which is given authority to raise and appropriate revenues. The taxes and customs collected are to be retained by the commission for the payment so far as they are adequate of the proper expenses of the commission and the government of the zone. Four of the commission are made an executive quorum. The powers are practically the same as in the first Kittredge bill.

The extension of the laws of the United States to the canal zone is prohibited except as provided in the canal bill or by legislative act of the canal commission.

Laws of Panama Continue in Force.

The laws of Panama, which were in force on Feb. 26, 1904, so far as they are not inconsistent with the provisions of the bill, will continue in force.

All goods coming from the zone, which are not the product of the zone, will be dutiable in the United States. All franchises or concessions granted by the commission must be approved by the president. The commission is authorized to apply to the canal zone, the immigration laws of the United States insofar as they prohibit the admission of undesirable characters excluded under the immigration law and the commission may exclude other undesirable persons.

All laws enacted by the commission shall be reported to congress. The president may suspend such laws as he may deem unwise.

The organization of a police force is provided for and the commission is authorized to call on the United States for military or naval forces to maintain order.

Provision is made for the establishment of one judicial district, with one judge. Appeals from this court must be taken to the second judicial circuit of the United States.

The extradition treaties between the United States and other countries are extended to the canal zone.

CLEARs TITLE TO PROPERTY.

Colombia Loses Suit Against Panama Canal Company in French Court.

Paris, April 1.—The first civil tribunal of the Seine during the day decided the case of the republic of Colombia against the Panama Canal company in favor of the defendants. The decision holds that the complaint of Colombia is not receivable and condemns the plaintiffs to pay the costs of the action. This decision has the effect of removing the legal obstacles in the way of the transfer of the canal concession from the company to the United States.

VERDICT AGAINST BRYAN.

Nebraskan Loses on Appeal in Bennett Will Case.

New Haven, Conn., April 1.—A finding that the sealed letter by which Philo S. Bennett expressed a wish that \$50,000 should be given to William Jennings Bryan and his family was not a part of the last will of Mr. Bennett was returned by the jury in the superior court in the trial of Mr. Bryan's appeal from the decision of the probate court. The finding, which upholds the decision of the probate court, was given in accordance with instructions to the jury from Judge Gager, who presided at the superior court trial. Judge Gager's ruling on a question which has never before come directly before the courts of Connecticut, decided that the sealed letter could not be admitted as evidence in the trial.

As Mr. Bryan's appeal was based on the exclusion of this letter as a part of the will in the probate court, the decision of Judge Gager that it could not be admitted as evidence practically concluded the proceedings in the superior court, and the jury was accordingly directed to bring in a verdict against Mr. Bryan. An appeal will be taken to the supreme court by Mr. Bryan's counsel.

MAY BECOME SETTLERS.

Squatters on Cass Lake Lands May Obtain Title.

Washington, April 1.—Squatters on land in the vicinity of Cass Lake will, according to a ruling announced at the interior department, probably be permitted to become settlers by complying with the homestead act and taking the necessary steps to perfect homestead rights.

Fails to Reach Contract Speed.

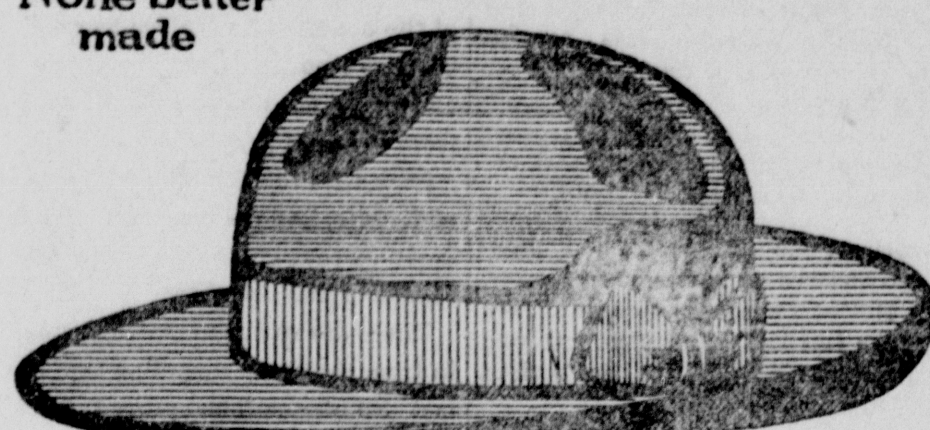

Boston, April 1.—The protected cruiser Denver was given a second government speed trial test over the Cape Ann course Thursday and again failed to reach her contract requirements of 17 knots an hour, her average speed being 16.70 knots. Tide corrections, however, may bring her speed up to requirements.

"You rash boy," she said, looking sweetly up at him as she tenderly drew his silk scarf about his throat; "you mustn't go out in the night air without being more careful. You are so careless. And still he wondered as he went home whether he would lose her friendship forever if he were to dare to ask her to be his when he returned on the following evening.—Chicago Record-Herald.
